

All Nation Ball Club Will Arrive Today for Games With Local Nine

By "GILL"

The World's All Nation baseball team will arrive in the Capital City this morning in preparation for their games with Manager Kirk's crew of ball tossers. The game this evening will be called promptly at 6:30 while the game tomorrow will be started at 3:30.

Fans of this city are looking forward to two fast exhibitions of the national pastime and indications are that there will be large crowds in attendance at both games.

The reputation of the fast All Nation nine has already been mentioned in these columns. They are one of the fastest aggregations outside of organized ball and nearly every man on the team is a star performer.

Joe Mendez and Prieto, the two Cuban hurlers who travel with the

All Nations, will be on the grounds today and it is expected that one of these heavers will be used. Donaldson is expected to pitch tomorrow's game but nothing definite could be learned last evening.

With any of these three men in the box the All Nations will be well represented in that department and there is no reason to doubt but what the game will be fast and snappy from start to finish.

Everyone is urged to come out and witness both games as this will certainly be the best baseball card staged here for some time. Manager Kirk's crew of swatters will work better with a large crowd of fans present to do a little rooting and as there is a deal of expense connected with bringing this team here financial aid will also be appreciated.
